RECEIVED

Applicant submits herewith patents, publications or other information (attached hereto and listed on the attached Form PTO-1449) of which he is aware, in respect of which there may be a duty to disclose in accordance with 37 C.F.R. § 1.56. Applicant believes they may not be material to the examination of the application as they do not relate to features of the claimed invention, but in an abundance of caution, has enclosed them herewith.

This Information Disclosure Statement, as far as is known to the undersigned, is filed before the mailing date of a first Office action on the merits.

A list of the patent(s) or publication(s) is set forth on the attached Form PTO-1449 (Modified). A copy of each of the items listed on form PTO-1449 is supplied herewith.

A concise explanation of relevance of the items listed on PTO-1449 is not given. The Examiner is reminded that a "concise explanation of the relevance" of the submitted prior art "may be nothing more than identification of the particular figure or paragraph of the patent or publication which has some relation to the claimed invention," MPEP § 609.

While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. § 1.56, it is not intended to constitute an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 C.F.R. § 1.97(b), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R. § 1.56(a) exists. It is submitted that the Information Disclosure Statement is in compliance with 37 C.F.R. § 1.98 and MPEP § 609 and the Examiner is respectfully requested to consider the listed references.

Respectfully submitted,
